

## **Insurance List (updated 3/08)**

We know your time is valuable and we want to make it easy for you to refer to Alternacare. If we find that it is in the best interest of the patient to receive services from another provider, we will provide the phone number of that provider to you or forward the information that we have received to the appropriate provider.

All contracted providers are capitalized, however, many insurance companies rent networks and you may not see their name on this list. Please call our reimbursement experts to SAVE YOU TIME.
